

FLAGS

SAMPLE LESSON

Skill Area: Culture

Language Stage: Speech Emergence

Outcome: Students will be able to identify different flags and identify the countries they represent.

Materials: Pictures of world flags, map/globe, construction paper

Procedure: Show the students pictures of world flags that represent countries of the group. Identify the countries they represent and help the students find the countries on the map or globe. Have the students use construction paper to make a flag of their native country.

Note: For a cultural display, use a world map and attach pictures of the students and the flags to their countries of origin.

SAMPLE LESSON

Skill Area: Culture

Language Stage: Speech Emergence

Outcome: Students will be able to identify flags from different countries.

Materials: Pictures of world flags, pictures of world flags glued to tagboard and cut into puzzle pieces

Procedure: Show the students various world flags and discuss color, shape, symbols, etc. Give the students the puzzle pieces and have them cooperatively assemble the flags. Have the students describe the flags they have assembled and the countries represented.
