Subject: 2006 Scholarship Programs

The power suppliers that Wyrulec Company is associated with, Basin Electric Power Cooperative and Tri-State Generation and Transmission, are again awarding scholarships to students whose parents or guardians are users of Wyrulec Company electricity.

Basin will be awarding (1) - \$1,000 scholarship to a student from Wyrulec's service area, and Tri-State will award (2) - \$500 scholarships to students from the company's service area. Wyrulec Company serves the majority of Goshen County and small portions of Platte, and Laramie counties in WY as well as the northern half of Banner County and a small segment of Scotts Bluff County in Nebraska.

In addition to these scholarships the board of directors of Wyrulec Company have established scholarships for (4) - \$1,000 scholarships for students who are at least a third semester student in a degreed program. They have also determined that they will award (4) - \$1,000 scholarships to be used for an accredited trade or votech school or in a non-degreed program.

I have enclosed 4 copies of each application, please feel free to make additional copies as necessary. The necessary documentation on the scholastic scholarships are identical so a student need not submit multiple sets of information, however they should submit the application for each. Please note the application deadline on the back of the form (Monday, February 15, 2006). Application must be in Wyrulec Company office prior to 4:00 p.m. If you have any questions please feel free to call me at 1-800-628-5266. I would like to thank you in advance for seeing to it that eligible students are informed of this opportunity. Thank you.
